# SITUATION SUMMARY

## Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

### Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

### **Situation Overview**

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

The California Department of Public Health (CDPH) has issued a new Travel Advisory superseding the 11/13/20 guidance. Californians should avoid non-essential travel to any part of California more than 120 miles from one's place of residence, or to other states or countries. Non-essential travelers from other states or countries are strongly discouraged from entering California, and if they do, should adhere to quarantine procedures. All persons arriving in or returning to California from other states or countries should self-quarantine for 10 days after arrival, except as necessary to meet urgent critical healthcare staffing needs or engage in emergency response.

# CALIFORNIA 911 SYSTEM

## California 911 Outages

Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	911 Outages

### 9-1-1 Outage/Remote/Community Isolation

#### Community Isolation, Tahoe City, Placer County (Initial/Final)

On 02/15/21 at 1202 hours, Charter Communications reported a Community Isolation affecting 1,219 VoIP users in the Tahoe City area (zip code 96145) due to a network event.

- Time Outage Started: 02/13/21, 2132 hours
- Time Outage Reported: 02/13/21, 1227 hours
- Time of Resolution/Restoration: 02/14/21, 0236 hours
- Total Outage Time: 5 hours, 04 minutes
- Jurisdiction(s) Affected: Tahoe City
- Reason For Outage: Commercial Power
- Wireless Users Impacted: No
- Wireline Users Impacted: No
- VoIP Users Impacted: Yes – 1,129

#### 9-1-1 Outage, Los Angeles, Los Angeles County (Initial/Update)

On 02/15/21 at 1708 hours, T-Mobile has reported an issue affecting multiple PSAP's in the Los Angeles area. T-Mobile is reporting intermittent dropped calls after 20 seconds OR no ALI information passed to operator.

- Time Outage Started: 02/15/21, 1306 hours
- Time Outage Reported: 02/15/21, 145 hours
- Time of Resolution/Restoration: Technician has repaired and a reported decrease in dropped calls/passing of ALI has been reported
- Total Outage Time: TBD
- Jurisdiction Affected: LAPD, Los Angeles County (PSAPs have been notified)
- Reason For Outage: Possible Hardware issue
- Wireless 9-1-1 Calls Impacted: Yes, Unknown
- Wireline 9-1-1 Calls Impacted: No
- VoIP 9-1-1 Calls Impacted: No

#### Service Interruptions

- None reported

# WEATHER OF CONCERN

## NORTHERN CALIFORNIA

- No significant weather of concern.

## SOUTHERN CALIFORNIA

- High Wind Warnings are in effect until Tuesday morning for the Riverside County Mountains, San Diego County Mountains, Coachella Valley and San Diego County Deserts, San Bernardino County Mountains, Apple and Lucerne Valleys and San Geronimo Pass Near Banning.

**Weather Advisories, Watches, and Warnings currently active in California:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

**Active Weather Warnings, Watches and Advisories by County:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# **WEATHER KEY POINTS**

**02/15/21 - 02/21/21**

## **Monday**

- Strong wind gusts of 40 to 60 mph are expected along and east of the Sierra and in and around the southern California mountains through tonight
- Periods of rain and higher elevation snow continue over northern and central California, with a few isolated showers even possible over southern California later today. Precipitation amounts look to be mainly light, but some localized heavier amounts are possible over northwest California and the northern and central Sierra. Snow levels will run around 5,500 to 6,000 feet.

## **Tuesday-Wednesday**

- Dry conditions return for much of the midweek period, but gusty conditions continue over the southern Sierra and southern California mountains Tuesday, subsiding Wednesday

## **Thursday-Sunday**

- Mainly light precipitation appears increasingly likely to impact northern and possibly central California by later Thursday and Friday, possibly lingering into Saturday for far northern portions of the state
- Some stronger winds are also possible over the Sierra late in the week

# CALIFORNIA WEATHER IMPACTS

# PRECIPITATION FORECAST

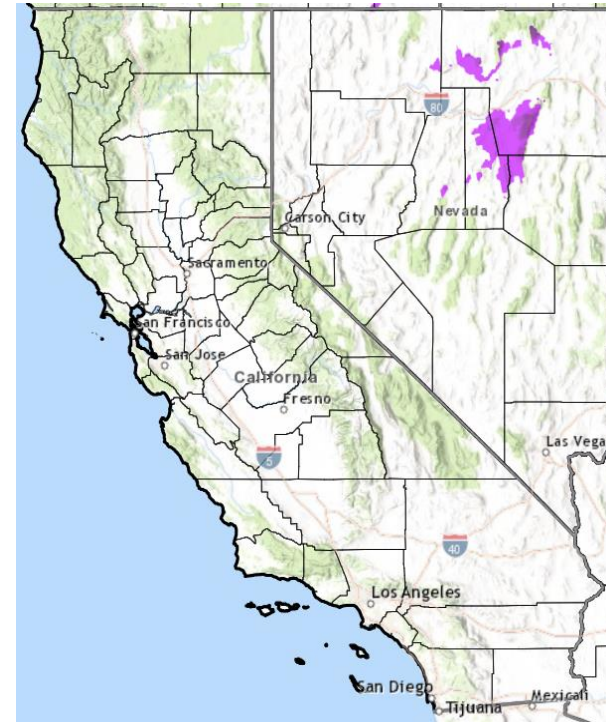

02/15/21 - 02/17/21

**Monday**

**Tuesday**

**Wednesday**

**Precipitation (inches)**

# **WEATHER OUTLOOK**

**02/20/21 - 02/28/21**

## **6-10 Day Outlook (February 20 – February 24)**

### **Temperatures**

- Above normal temperatures are favored over southern California, with near normal readings favored over central portions of the state and below normal temperatures favored across northern California

### **Precipitation**

- Below normal precipitation is favored for the majority of the state, with the exception for areas near the Oregon border where above normal precipitation is favored

## **8-14 Day Outlook (February 22 – February 28)**

### **Temperatures**

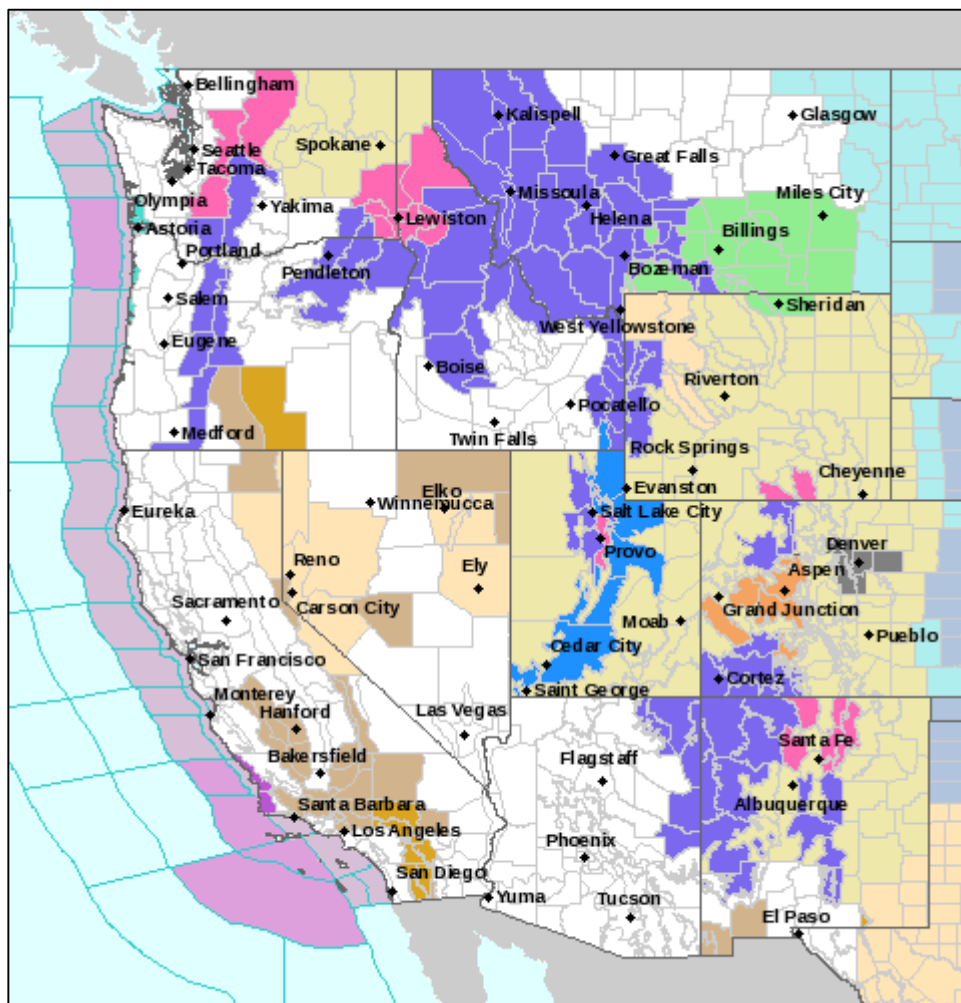

- Below normal temperatures are favored for northern and central California, with above normal temperatures favored across southern California

### **Precipitation**

- Below normal precipitation is favored for most of the state, with the exception of far northern California where near normal precipitation is favored

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

**2021-LAW-54345, 02/14/21, 1843 hours:** AFRCC advised of an ALNOT, a missing or overdue aircraft. They reported an unknown pilot took off yesterday, 02/13/21, about 1555 hours, from Camarillo Airport in Ventura County in route to Tehachapi Muni Airport but it failed to arrive. A ramp check of several airports was completed, but the aircraft was not located. I requested that the National Radar Analysis Team (NRAT) examine the radar track to gain further information. NRAT advised that it appeared that the plane crashed based on their examination at or near the listed coordinates; 35.0139 -18.3881. These coordinates return to mountainous terrain west of Tehachapi. I contacted Kern Co SAR who was already involved in a search for the aircraft. **Update, 1950 hours:** Kern SAR advised they were going to hold the search for the night due to high winds and dangerous conditions. They planned to start the search 02/15/21 at 0800 hours. **MISSION ONGOING**

# Cal OES MISSION TASKINGS

## Cal OES Missions

- Nothing significant to report.

# *Cal* OES

---

GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
